

**Chairman's Message - 2008**

On behalf of the Miramichi Planning District Commission, I am pleased to present the 2008 Annual Report. 2008 represented the 38<sup>th</sup> year that the Miramichi Planning District Commission has served the residents of the Miramichi Planning District.

As in the past years, the Commission has benefited from the dedication of its members. In 2008, there were a total of eleven regular meetings and two Special Meetings.

The Commission continues to benefit from the professional input provided to it by the staff. A Staff Planning Report accompanies each case presented to the Commission, which provide recommendations for the consideration of the members. As is illustrated in this report, the Commission continues to have a considerable workload. The Commission met total of 13 times for regular or special meetings. The Executive Committee met on several occasions for the purposes of dealing with policy, staff, and financial and administrative issues.

2008 represented the first full year that the Village of Blackville and the Village of Neguac were members of the Planning Commission. Also there have been discussions with the new Rural Community of Upper Miramichi regarding the possibility of joining the MPDC. These discussions are on going.

In June, Lori Singleton, Administrative Assistant returned from maternity leave. Angie Hachey had filled this position; she proved to be a considerable asset to the operation of the Commission.

In late December, the MPDC, along with the other planning commissions, were advised that the Operation Funding Grant of \$71, 250.00 would not be provided in 2009. As a result the MPDC undertook a review of its operations and current planning service fees. Effective January 1, 2009, the MPDC introduced a new service fee schedule aimed at partially recovering a portion of this funding. As well, all four funding partners, Local Service Districts, City of Miramichi, Village of Blackville and the Village of Neguac, were requested to increase their contributions to the MPDC.

We look forward to the challenges that 2009 will present and we will continue to strive to provide the citizens of the District with sound community planning services and to continue to provide our existing partners, the City of Miramichi and the Province of New Brunswick, the Villages of Blackville and Neguac, with quality advice on planning matters.

William Treadwell, Chairman

## Commission Activity 2008

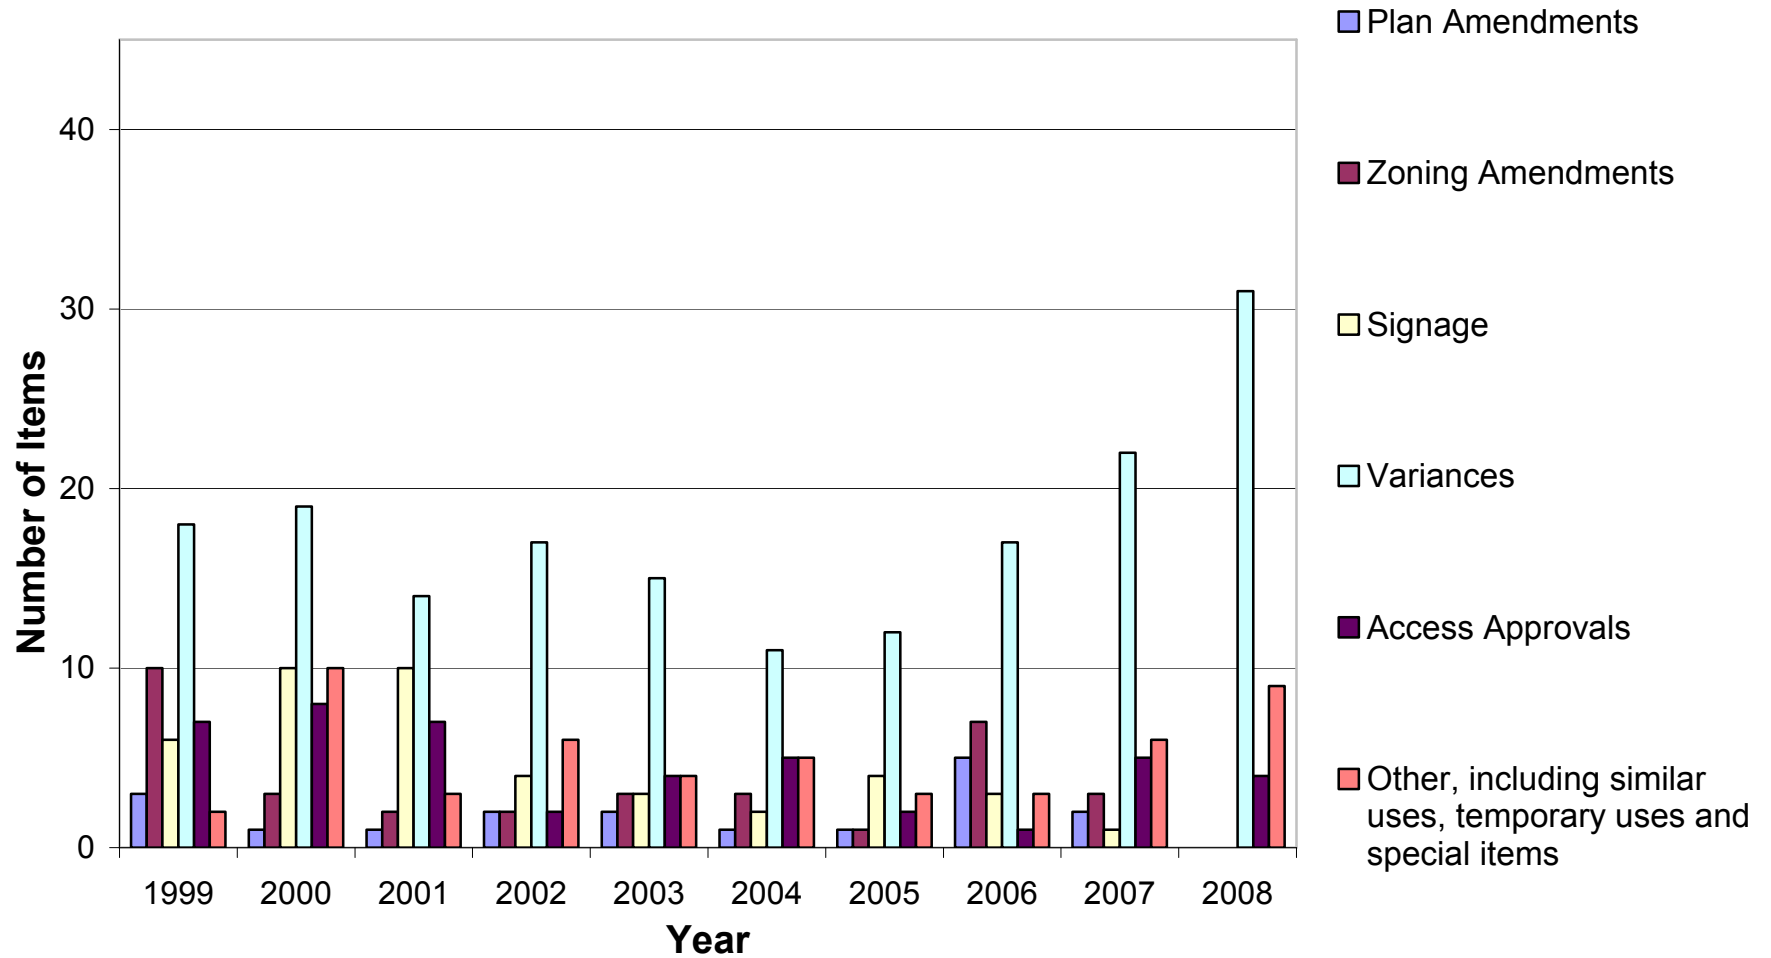

Tables 1a and 1b provide a breakdown of Commission activities. Figures 1a and 1b provide a graphic representation.

**Table 1a: Commission Activity within the City of Miramichi**

	1999	2000	2001	2002	2003	2004	2005	2006	2007	2008
Plan Amendments	3	1	1	2	2	1	1	5	2	0
Zoning Amendments	10	3	2	2	3	3	1	7	3	0

Access Approvals	7	8	7	2	4	5	2	1	5	4
Other, including similar uses, temporary uses and special items	2	10	3	6	4	5	3	3	6	9

Development activities and the associated approvals of the Commission were fairly consistent with previous years. A comprehensive review of the Municipal Development Plan and Zoning By-law was initiated in 2008 and will be completed in 2009. In 2008, there was an increase in the number of variance applications within the City. This is an indication that the provisions contained in zoning by-law need **to be reviewed be made to appropriate sections** of the Zoning By-law.

**Figure 1a: Commission Activity  
City of Miramichi**

**Table 1b: Commission Activity within the Unincorporated Area**

	1999	2000	2001	2002	2003	2004	2005	2006	2007	2008
Variances	19	18	17	16	22	26	19	15	14	9

Table 1 e) provides details on activities undertaken by staff related to development inquires and land/building transactions. Staff through the various by-laws and the Community Planning Act has authority to deals with these requests. The appointed members of the Commission are not involved in this aspect of planning services. These activities are typically provided to clients such as lawyers, surveyors and developers who are acting on behalf of a client who are **involved the**

transferring, refinancing, developing or selling of a property or building. This table provides a clear indication that the MPDC is involved in all aspects of land management, just not the issuance of building permits.

## Building Permit Activity

The total number of building permits issued in 2008 was 493 this included the non-incorporated area, City of Miramichi, Village of Blackville and Village of Neguac. Typically, the Commission issues approximately 500 building permits per year for construction projects within the Miramichi Planning District. The City and the non-incorporated area experienced a modest decrease in the number of permits issued.

## **SUMMARY OF THE CITY OF MIRAMICHI BUILDING PERMIT DATA FOR 2002 TO 2008**

### **Total Construction Activity by Dollar Value**

- Total Value of Construction: 2002 – 2008 = **\$ 105,725,765.00**
- Annual Average Value of Construction = **\$15,103,680.00**
- Total Value of all Construction Activity in 2007 = **\$23,503,131.00**
- Total Value of all Construction Activity in 2008 = **\$13,952,617.00**
- 2007 to 2008 Total Value of Construction = **Decrease of \$9,550,514 or 59.4% decrease**

### **Residential Construction Data**

- Single Unit Dwellings Constructed - 2002-2008 = **259 Total \$32,257,039.00**
- Annual Average Number of Single Unit Dwellings Constructed = **37**
- Total Single Unit Dwellings Constructed in 2008 = **33**
- Mini – homes located: 2002 – 2007 = 166 **Total \$6,668,583.00**
- Annual Average of Mini- Homes Located = **17**
- Total Located in 2008 = **20**
- All Residential Construction Types in 2007 = **\$8,216,060.00**
- All Residential Construction Types in 2008 = **\$10,248,624.00**
- Multi-unit Residential construction = **17 units = \$1,582,000.00**

### **Commercial Construction Data**

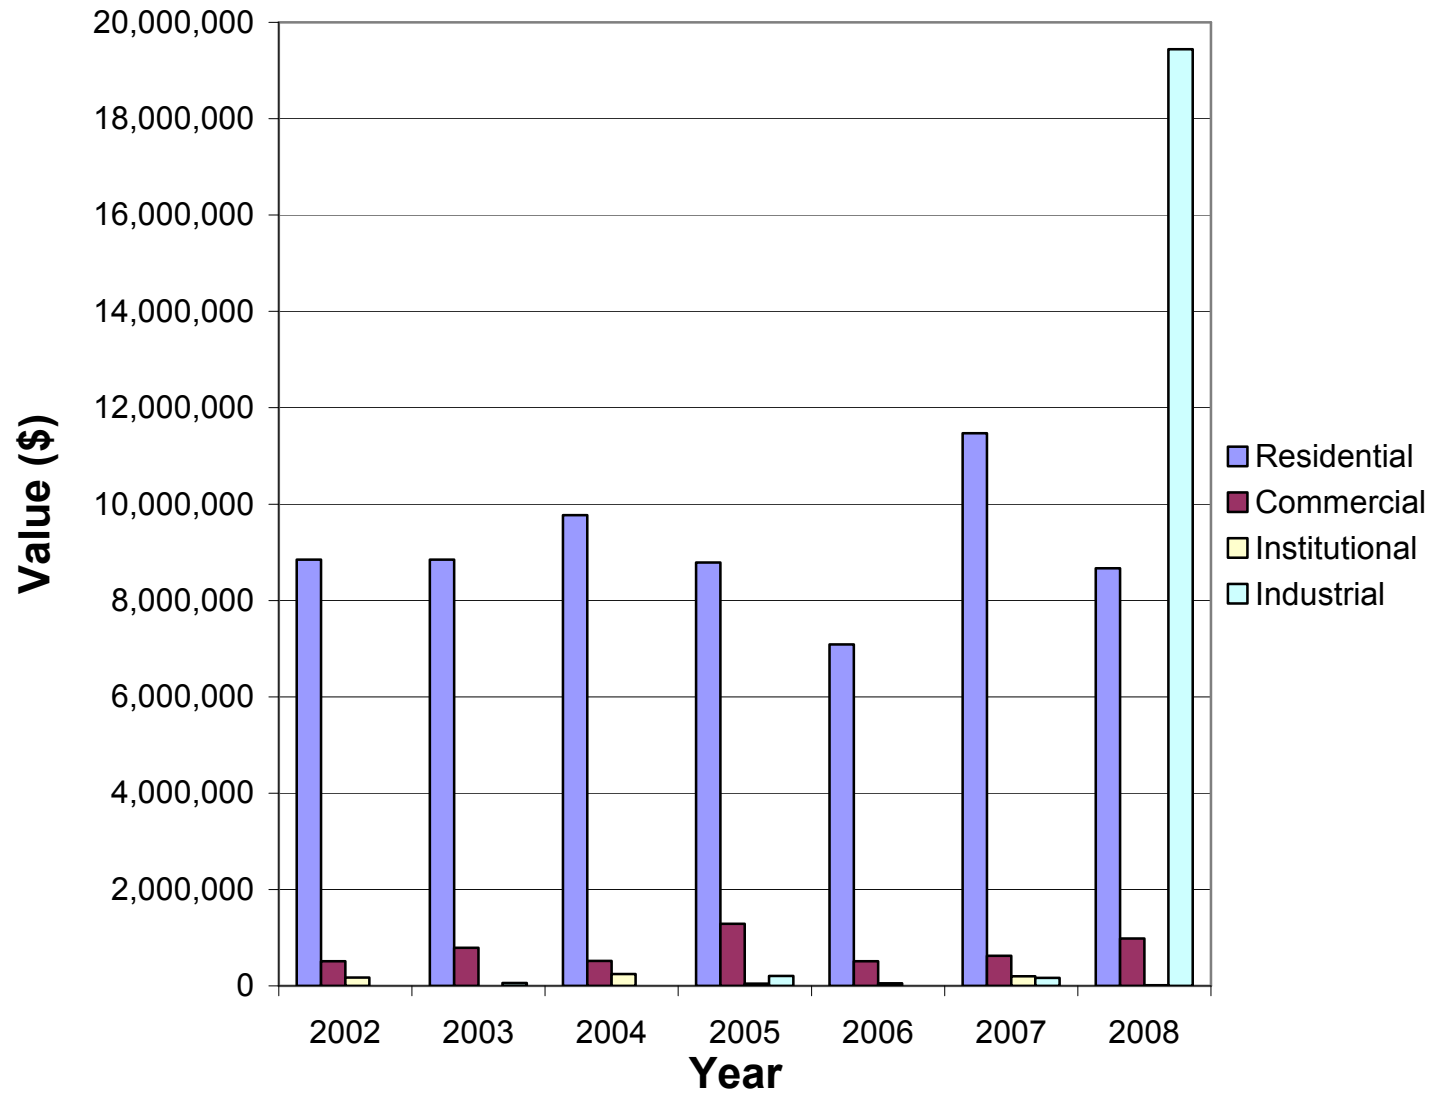

- Commercial Construction Activity 2001- 2008 = **\$43,357,063.00**
- Annual Average of Commercial Construction Activity 2002-2008 = **\$6,193,866.00**
- Commercial Construction Activity in 2007= **\$13,625,081.00**
- Commercial Construction Activity in 2008= **\$2,201,113.00**

**Table 2e: Value (\$) of Building Permits Issued – Unincorporated Areas**

	<b>2002</b>	<b>2003</b>	<b>2004</b>	<b>2005</b>	<b>2006</b>	<b>2007</b>	<b>2008</b>
Residential	8,847,249	8,849,251	9,771,415	8,790,024	7,089,970	11,474,490	8,662,673
Commercial	513,200	791,000	521,000	1,285,600	514,000	627,000	980,200
Institutional	171,000	0	0	47,725	50,000	200,000	10,000
Industrial	0	62,000	244,575	206,400	0	163,000	19,440,100
<b>Total</b>	<b>\$9,531,449</b>	<b>\$9,704,254</b>	<b>\$10,536,990</b>	<b>\$10,329,749</b>	<b>\$7,653,970</b>	<b>\$12,464,490</b>	<b>\$29,092,973</b>

The value of construction occurring in the non-incorporated areas in 2008 represents the highest level in the last seven years. A detailed summary is presented on the following pages. The significant increase can be partially attributed to a large wind farm project, which included 25 wind turbines, that was located in the northern part of the planning district.

Renovations	1	65,000.00	2	402,100.00
Institutional New				
Renovations				
Industrial New				
Renovations				
<b>Total</b>	<b>21</b>	<b>\$ 678,950.00</b>	<b>43</b>	<b>\$ 2,295,659.00</b>

This is the first full year that the Planning Commission served the Village of Neguac. Commercial activity in the village was particularly strong, as two new retail stores were established as well as renovations to other existing enterprises.

**Table 4: Comparison of Development Activity – City of Miramichi to Unincorporated Area of Planning District for 2002-2008**

<b>Development Activity 2002- 2008</b>	<b>City</b>	<b>Unincorporated Area</b>
<b>Single Unit Dwellings Constructed</b>	<b>259</b>	<b>428</b>
<b>Annual Average number of Single Unit Dwellings Constructed</b>	<b>37</b>	<b>53</b>
<b>Mini – homes located</b>	<b>136</b>	<b>276</b>
<b>Annual Average Number of Mini-homes located</b>	<b>17</b>	<b>34</b>
<b>Total Value of All Construction</b>	<b>\$105,725,765</b>	<b>\$ 88,924,867</b>
<b>Annual Average Value of All Construction</b>	<b>\$ 15,103,680</b>	<b>\$ 12,703,552</b>

Table 4 reveals the relative levels of activity between the City and the non-incorporated area between 2002 – 2008. Given that Blackville and Neguac have only been served by the MPDC for approximately 18 months, it is not possible to compare the development activity. Regarding the City compared to the non-incorporated area, there has been more dwellings and mini-homes located in the non-incorporated area (dwellings at a ratio of ratio 1:1.65 and for mini-homes a ratio of 1:2).

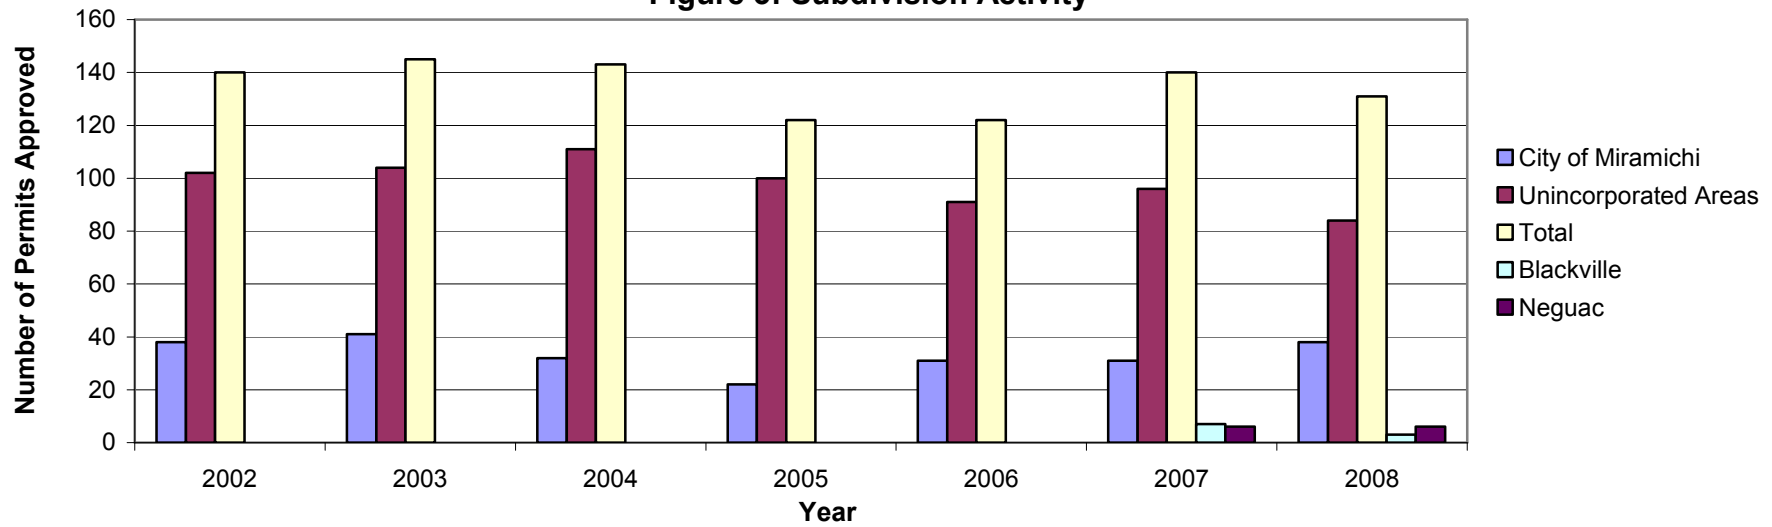

### Subdivision Activity

The Planning Commission oversees and grants the approval for the subdivision of land. Plans of subdivision only come before the Commission if they are to create public roads, require variances to size of lot, or are going to create lots that do not front on a public road. The following tables and figures present the location of plans approved and number of lots created for both the City and Unincorporated areas.

**Table 5: Subdivision Activity**

## Miramichi Planning District Commission – 2008 Overview of Activity

The following is a brief overview of some of the initiatives the MPDC was involved in during 2008. These initiatives are special projects and are in addition to the on-going tasks as defined by the *Community Planning Act*, such as the issuance of building permits, approval of plans and the administration of rezoning and variance applications, which are carried out by staff on a daily basis.

In late 2007 the MPDC adopted its first ever Five Year Operational Plan. 2008 represented the first full year that the MPDC followed the direction contained in the Five Year Plan. The operating plan established a methodology that allows the Commission to determine its planning priorities for each of the next five years, and thus identify the financial and human resources required to implement these planning priorities.

During 2008 several on-going projects occupied staff time and resources, these included:

- Administering the 911 Civic Addressing program for the City of Miramichi.
- The Director continued to sit on the Local Advisory Committee for the Kennedy Lakes Protected Natural Area. The Director attended several meetings representing the planning sector.
- The Director continued to serve as a member of the Provincial Committee on a New Brunswick Building Code Act.
- The Director participated in the following municipal, provincial and professional committees:
  - City of Miramichi Property Management Committee
  - City of Miramichi Management Committee
  - Waterford Green Re-development Committee
  - NP Planners Committee – Community Planning Act Legislative Change Committee
- In response to enquiries regarding wind energy and the establishment of Wind Farms, in association with the Province of New Brunswick and the NB Association of Planning Commission and the Planning Directors, the Director served on a committee that developed a document entitled “Model Wind Turbine Provisions and Best Practice for NB Municipalities, Rural Communities and Unincorporated Areas.” This document will serve as model land use by-law to manage and regulated wind energy projects in New Brunswick

- The Director made a presentation on the “Planning Implications of Wind Energy” to the New Brunswick Association of Planning Commission’s Annual meeting held in June in Shediac.
- On the invitation of the Department of the Environment, the Director made a similar presentation to the Deputy Minister, Assistant Deputy Minister and senior staff of the department in July.
- At the request of the Council of the newly formed Upper Miramichi Rural Community, the Director made a presentation on the mandate, role and services provided by the MPDC. The Rural Community is considering the possibility of joining the MPDC.
- In association with the other commission’s Directors, Wilson Bell made a presentation to the Commissioner on Local Governance in February. The purpose of the presentation was to inform the Commissioner on the role of planning **commission and way** in which the delivery of planning services can be improved.
- Coordination of quarterly agency meetings involving the various offices of provincial government departments. The purpose of this initiative is to share information and improve the delivery of services to residents and developers in the non-incorporated area of the planning district.
- The Director and Senior Planner attended the Annual Atlantic Planners Institute Conference in Charlottetown in October. The theme of the 2-day conference was Sustainability of Traditional Settlement Patterns in the 21st Century.
- In May 2008, municipal elections were held; as a result the staff of the MPDC prepared briefing papers for the three municipal councils.
- The Director and Senior Planner attended the Annual Meeting of New Brunswick Association of Planners in September. Topics included legislative changes to the Community Planning Act, continuous professional learning and other related topics.
- In early May the MPDC staff coordinated an information seminar for local developers, contractors, real estate agents, and lawyers. With the participation of provincial government departments, such as Health, Transportation, Environment and the City departments of Public Works and Engineering, the session provided an overview of the development approval process and served as a vehicle to exchange ideas and improve service delivery.

- The staff of the MPDC hosted Developers Assistance Committee meetings to review developments proposed in the City.
- Commission staff reviewed and provided comments on Environmental Impact Assessment reviews for proposed projects within the district.
- The Chairman and Director as well as members of the Commission attended the meeting of the New Brunswick Association of Planning Commissions in Shediac in June. The Association discussed issues such as Wind Energy, new Condominium Legislation and other matters.
- Wilson Bell represented the Commission at the regular meetings of the Provincial Planning Directors and special meetings organized by various government departments and agencies.
- Staff continued to improve their technical knowledge through the attendance of conferences and training programs offered by various professional associations. Mathieu Goguen attended two training sessions organized by the New Brunswick Building Official Association; these included NBC Part 9 – Technical Book 1 and Legal process and Responsibilities. These courses are part of the certification process for Building Officials in the province. Both Michael Davis and Mathieu Goguen attended a training session on the 2005 National Building Code, which came into force on January 1, 2009. Jon Saunders and Juanita McKendrick attended a session on Spatial Fusion – which is GIS desktop mapping database. This was put on by the Department of the environment.
- On December 5, 2008, the MPDC, along with the other planning commissions, were advised that the Operation Funding Grant of \$71, 250.00 would not be provided in 2009. As a result the MPDC undertook a review of its operations and current planning service fees. Effective January 1, 2009, the MPDC introduced a new service fee schedule aimed at partially recovering a portion of this funding. As well, all four funding partners, Local Service Districts, City of Miramichi, Village of Blackville and the Village of Neguac, were requested to increase their contributions to the MPDC.

**Appendix A – Members**

**Appointed by  
City of Miramichi**

William Treadwell, *Chairman*

Joe Veriker, *Vice-Chairman*

Thomas Linkletter

Ken Quinn

Norman Roy

René Smith

**Appointed by the  
Province**

Murray Sherrard

Tom Williston

Bob Hallihan

Edmond Beattie

**Appointed by Village of Blackville**

Kurt Marks

**Appointed by Village of Neguac**

Marcel Cyr

**Appendix B - Member's Attendance**
